PROFILE

I have a strong interest in software development and computer programming, with a focus on Artificial Intelligence and Machine Learning. As an AI & Machine Learning enthusiast, I continuously learn new technologies and strengthen my technical knowledge. I am seeking an opportunity to gain practical experience, work on real projects, and apply AI and ML concepts to develop real-world solutions while contributing to the technical growth of an organization.

TECHNICAL SKILLS

Java
Python
C++

HTML
CSS
MySQL

Cybersecurity Basics
React
NodeJs

PROJECTS

Employee Leave Management System

- Developed a Java-based OOP system to manage employee records ,leave requests and leave approval - Java, MySql, JDBC

Game Development

- Developed a simple console-based application using C++ to improve programming fundamentals.

Task Management System – Group Project

- Developed a web-based task management system as part of a group project, including task and project management features using HTML, CSS, JavaScript, React, and MySQL. Contributed to the development, database integration, and deployment of the application.

EDUCATION

BSc (Hons) in Information Technology (Reading)

Department of Industrial Management, University of Kelaniya 2025 - 2029

Diploma in Information Technology

DMI Computer Education,Jaffna

Diploma in Fluent English

DMI Computer Education,Jaffna

ADDITIONAL INFORMATION

- **Languages:** English (Professional Proficiency), Tamil(Native).
- **Soft Skills:** Problem solving ,Time Management, Effective Communication, Critical Thinking
